1. (S/SK) MISSION: To describe the target site [REDACTED] in Stage 4 terminology.
2. (S/SK) VIEWER TASKING: Encrypted coordinates only.
3. (S/SK) COMMENTS: No Physical Inclemencies. 052 progressed into Stage 4 quickly, having been given the information that the feedback package contained no information by which to judge 052's progress. Likewise, the S2 and D columns were all but ignored for this reason. Work in the AI, EI and I columns were stressed, resulting in resolution of the site as a research center. 052 was given the option of taking a new site tomorrow, or going for further details on this site, starting tomorrow's session in Stage 4. 052 opted for the latter, so work on this site will continue.
4. (S/SK) EVALUATION: 3

1. The site is a structure and land. There are people there. One of the people is doing something. He has black hair and brown skin. He is wearing green and white stripped clothing. His activity is taking place in a dark, hot, isolated place which has pointed shapes. There is a light there, like a strobe light, which gives me a headache.
